

181103 Goorangai Race Day 3rd October, 2018

The Weather Gods provided a brisk day for QCYC's "Goorangai Cup" race from Melbourne to Queenscliff, but it was a bit much for the smaller vessels left in Queenscliff.. The three vessels who had discussed going out for a cruise or improvised race all preferred to stay home. Forecasts previously giving stronger winds in late afternoon changed to moderating winds – but not enough (to about 18 knots by 2 p.m. and reality was more brisk than forecast. Crews of Tiercel, Tintagel and Drizabone all found urgent jobs ashore.
